

## **ILIKE BILBAO GUIDE, THE DEFINITIVE GUIDE TO BILBAO IN YOUR MOBILE PHONE**

Ilike Bilbao Guide is the most comprehensive Bilbao guide for mobile phones and tablets. It's a **free guide** that provides all the information needed to make your visit to the city a unique experience, and it is available for download at the Google Play store in **three languages**: Basque, Spanish and English.

It's a completely **offline** guide (all application data is stored in the phone) that visitors can use to read about the most interesting places in Bilbao without requiring an internet connection, which is especially useful for foreign tourists. The download is approximately **18 Mb** and it's suitable for any smartphone with Android 1.3 or higher.

Thanks to a permanent location feature (**via GPS**), and a higher zoom level than other mobile guides to Bilbao, "Ilike Bilbao Guide" offers visitors a full experience and a first class service. When using the map, users can activate several **layers**: Visits, Food, Shopping, Activities and Information. Each of these categories is divided further into subcategories enabling the user to easily sort through all the information.

It has more than **200 sheets**, all of which include photos, descriptions, a star-based score, telephone numbers, opening times and a button to share the information on several social networks. The user can include his visits, shopping or activities in a layer called "**Favourites**", creating a layer that only includes the visits of his choice and easily personalising his visit to Bilbao.
