**Grammar Point:**

This aste (week) we will look at NON where. In English we show “place” with a preposition: on, in, at in Euskara this is shown with the suffix “(e)(a)n” at the end of the word.

So when we ask:                      Where are you? = Non zaude?  
 The reply looks like this:        I am AT home. = EtxeAN nago.
